Hall No. - 5
Booth No. - H5E520

TATARIA and PROSOL have an experience of over 20 years in the hardware industry and have a deep understanding of the latest trends. Their aim is to offer the best of european concepts to the Indian market. These wide range of high quality products are selected from the most innovative Italian producers. From sliding systems, to hinged door systems, to walk-in closets, to display cabinets, all these components that can be used interchangeably in various applications.

Glix System

These shutters come with the Interzum awarded glix hinge system. Glix is a specially developed hinge for cupboards that is used in combination with an aluminium profile on the door. The hinge can be adjusted three-dimensionally and has a special device for soft-closing doors using magnetic elements. We have a system for both glass and wooden shuttes.

Walk In Closet System

Our walk in closet system provides maximum flexibility both in the ability to equip the cabinet and in the width and height measures of the cabinet. The combination of the various accessories, some with fixed and other with variable dimensions allow to modulate the paneling to perfectly furnish walls of any measure. aesthetically it is one of the best solutions in the market with just a 4mm gap between panels

Moving Wall System

This is a wall paneling system which allows you to exploit optimally the space between the base and hanging cabinet of a kitchen. It maybe used on an independent wall in a living area as well. The system gives a choice of various accessories which can be attached to this panel giving maximum flexibility and design freedom.
